

Parent / Carer Survey Analysis

SEPTEMBER 2026

The following 2 slides summarise the school's response to the survey and thereafter you can see the graph analysis for each question.

Oak View's Response:

- The school is proud that so many parents agree or strongly agree with the statements in our survey.
- The School will continue to work hard to meet the needs of pupils, embracing new assessment programmes and working with our Trust's School Improvement Team.
- We will continue to send Home School Support sheets at the beginning of every half term with information about the learning taking place and ideas for supporting that learning at home.
- Class teachers will continue to send home information about your child's learning and progress regularly using the home school diary. Additionally, the option of image- sharing via Evisense will be explored in the near future.

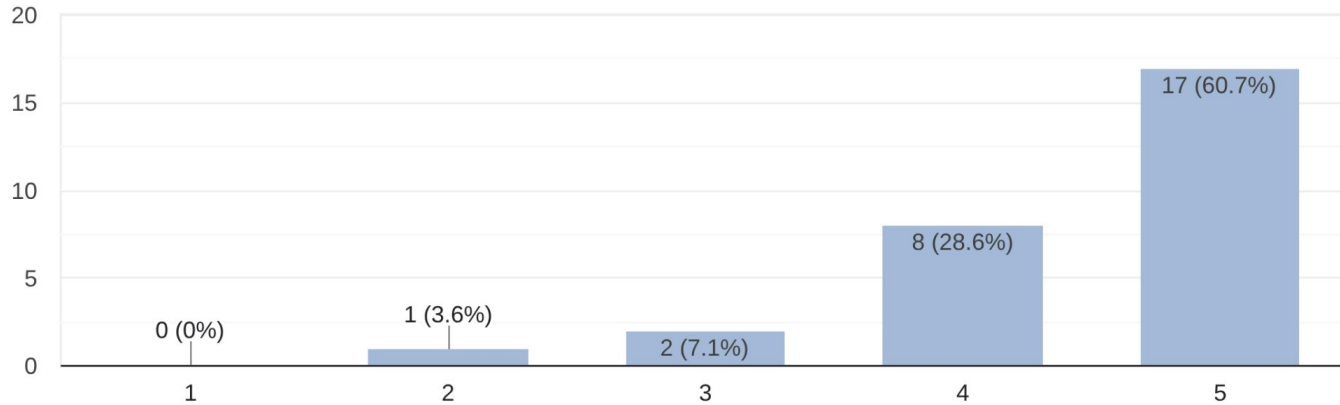

Oak View's Response:

- The school will continue to offer opportunities for parents to learn about how they can support their children. A half-termly programme of coffee mornings, plus additional online events for parents are being developed. The school newsletter continues to be a great source of external information for parents provided by the school.
- Class Teachers and the Senior Leadership Team will continue to respond to parents who have any concerns about their child and we actively encourage all parents to raise concerns with the school directly. [Future surveys will ask for an (optional) email address going forward so that parents can be contacted about any concerns/ upset.]
- Future surveys will ask parents to state if their child is in L/M/U school.
